

QRydeCloud

For Providers

Simplifying Transportation. Energizing Your *Operation*.

Regional Coordination

Our visionary integrated system removes boundaries between transportation providers. The enabling technology will allow RTAs - and others - to share vehicle resources so they can maximize vehicle capacity, and create a better, more seamless experience for their customers.

**Coordination means more trips
for your community.**

Powered by HBSS 

Regional Coordination

Want to expand your
service area?

Want to serve more
customers?

**QRyde Cloud
can help!**

- Increase capacity
- Fulfill more trips
- Increase quality of life
- Decrease cost of long distance trips
